

Security Industry Alliance

Representing the Security Industry in South Africa

Conference and Banquet

The Future of the Private Security Industry

The Security Industry Alliance, SIA, will host a Conference and Banquet aimed at providing delegates with real-world, credible insights in the current and future challenges facing the private security industry in South Africa.

Presentations will include:

- Compliance Requirements in the Private Security Industry and the consequences for the lack thereof.
- Industry Database - How can the Private Security Industry benefit.
- Workmans Compensation Act - A plan for massive savings to the service providers.
- Firearms - What is the solution and the way forward?
- PSIRA - Can the Regulator live up to its Mandate?
- SASSETA - How can the Industry get its rightful share?
- Terrorism - A future threat?
